Mr. Galloway asked leave to introduce res-plutions requesting the President to inform REGULAR MONADY PACKET. Mr. Galloway asked leave to introduce resolutions requesting the President to inform the House whether he has information of the murder of three American citizens, named how, Barhour, and Brown, residing in Kansas; whether legal steps have been taken for the prosecution of the murderers; whether he has information regarding the forcible abduction of Wim. Philips and his being carried across to Missouri and there tarred and feathered; and thewise in regard to tarring and feathering of Mr. Mace whom the attempt was made to kill after he had given testimony hefore the House invescigating committee; and whether legal steps had been taken for the prosecution of the presons engaged in these outrages; also, whether the President has issued special instructions for the preservation and protection of American citizens in Kansas from violence and mirder. If so that it be communicated to the House.

Mr. Galloway, at the instance of Mr. Smith, of Virginia, added a clause calling for information retaitive to the murder of Jooes.

Griddings—Better wait till he is dead.

Mr. Ruffin was opposed to such a string of nonsence and objected.

Mr. Galloway moved the suspension of the rules that he might introduce the resolutions. The voice was 102 against 55, which was not two-thirds.

Mr. Walker moved the discharge of the Commibbe of the Whole on the state of the Union from the consideration of the hill for the miprovement of the Mobile harbor. Disa-
